BCL West Sports Handbook

The North Coast Section Sports and General Rulings Handbook contain NCS policies, regulations, and pertinent information about specific sports and general interscholastic competition. The **BCL WEST Sports Handbook** serves as an additional reference guide for regulations and procedures that are specific to the Bay Area Conference (BAC) BCL WEST interscholastic competition. It is the responsibility of all Athletic Directors to read and understand the materials in the BCL East, BCL Central, BCL, and BCL West Sports Handbooks and to inform their respective coaches of the guidelines under which they must conduct their specific sport(s).

A. GENERAL RULINGS

If the facility is unable to accommodate the fans, then other facilities may be obtained, but must first be approved by the Commissioner of the BAC.
7. Neutral site for the semi-finals and finals is not mandatory. [**Exception: Basketball – finals at neutral site. Preliminary contests at higher seed**]
8. If majorities [51%] of league schools are unable to complete their seasons due to inclement weather, only the first round contest of a double round robin schedule will be recorded in league standings.
9. A Conference League is defined as combining any east bay league with west/central bay leagues. A Conference League will be formulated when one or both leagues cannot field four (4) teams in one sport. If, after the season of sport begins, a league of four (4) schools loses a member school, the league will continue with the remaining schools.
- 10 Regional League Status: A Regional League is defined as combining leagues within the east bay /bcl or within the west/central bay only. All BCL Regional leagues shall provide junior varsity, frosh/soph or freshman league schedules. A Conference schedule may not be created for JV, Frosh/soph, or a freshman sport. B. SPORTSMANSHIP

1. The California Interscholastic Federation (CIF), NCS, and BAC Codes of Ethics shall govern conduct, ethics, and sportsmanship for all participants, spectators, and others involved in athletics of all member schools. [Article 4, BAC Constitution and Bylaws]
2. A “Sportsmanship Complaint Form” is to be used to formalize the lines of communication between member schools when dealing with incidents involving sportsmanship. [See Appendix D]

C. RECRUITMENT

The North Coast Section of the CIF prohibits the recruitment of students to high schools for athletic purposes. [See NCS Student Eligibility Bylaws, Article 20, 200-219] This prohibition at

first glance may appear to be in conflict with the common practice of independent and parochial high schools soliciting students to benefit from their comprehensive programs. The following statement of policy from the Bay Area Conference [BAC] is intended to clarify the boundaries between legal and illegal recruitment of student-athletes. It is provided here as a means of protection for students, parents, and coaches and to ensure our students of “level playing fields”.

Bay Area Conference schools view athletics as an essential and integral part of a liberal arts education. It is therefore reasonable that students and parents will be interested in the qualities of a prospective school’s athletic program. It is also reasonable that a school’s employees will be proud of, and eager to improve, their athletic programs. The following **Principals of Good Practice** are intended to help students, parents and school personnel to solicit and provide necessary information and insights without crossing the line of illegal recruitment.

CIF, NCS, and/or BAC sanctions may be brought against a coach, school, and/or recruited student-athlete, if a recruiting violation is verified.

Principals of Good Practice

1. A high school **coach** is prohibited from initiating conversation with a prospective student concerning attendance at the coach’s school. This includes off-campus overtures or conversations, which occur before or during the admissions process. The only exception to this prohibition is that coaches may speak with prospective student-athletes and/or parents during the normal admissions campus visits. **Note: A coach is interpreted as any adult who assists with the athletic programs, in either a paid or voluntary capacity, and who thereby has a vested interest in attracting certain student-athletes to his/her school.**
2. When approached by interested student-athletes or their parents outside the normal admissions process, a coach is required to refer either or both parties to the Head of School/Principal of the coach’s school or his/her designee.
3. When prospective student-athletes visit a school’s campus, they should be provided information about athletics in the same manner as they receive information about other departments of the school.
4. Excessive financial assistance [significantly beyond the family’s demonstrated need] for the purpose of attracting a student-athlete is viewed as illegal recruitment.

Should a student-athlete or parent feel that the student’s admission process is being, or has been, compromised by a school’s deviation from the above Principals of Good Practice, the Head of School/Principal of the offending school, the League President, and/or the Conference Commissioner should be immediately contacted.

Each school may enter two (2) singles players and/or two (2) doubles teams into the League Singles/Doubles Tournament. When 8 courts are available, tennis matches may not begin prior to 1:00p.m. (Approved 9/05).

This tournament will be renamed the BAC individual and team handicap tournament. The team handicap component will be a competition between schools with each team accruing one point for each match won in the single and doubles portions of the event. The team with the most accrued points will be declared the team handicap champion.

The handicap portion of the event will provide that teams are awarded $\frac{3}{4}$ of a point at the start of the tournament for each place they finish out of 1st in the final league standings (i.e. 9th place team receives $8 \times .75 = 6.0$ points).

This tournament will include both a main draw (the winner of which will be the league's entrant into the NCS tournament) and a back draw for players who lose prior to the quarterfinals. Back draw matches will be an 8 game pro set.

Trophies will be awarded to the top three teams in the handicap tournament. (11/06)

Based on school no-play dates, regular season center meets will not be scheduled during the weeks before and after Easter Sunday. [10/08]

Administrative help at meets: Host schools will have primary responsibility for administering the meets, but each of the participating schools will provide at least three (3) people to help administer the meets. Automatic timing will be the primary source of use. Stopwatches will be required as the secondary source of use. [10/08. This is particularly important for the sprint events, for which timers and spotters are needed for each lane.
- i. In using spotters and timers for races run in lanes, timers will time lanes and spotters will spot places.

- b. The league champion is determined by a combination of regular season meet results and the results of the conference championship meet.
 - i. Points will be awarded to schools based on their overall performances in the regular season meets. For ex: if there are 6 schools competing in the BCL West, the school that compiles the most points in a given meet will receive 6 points for that meet, the school that compiles the 2nd highest number of points will receive 5 points for that meet, etc.
 - ii. In the conference championship meet, points will be similarly awarded to schools based on their overall performances, but the point's totals are doubled. For example, if there are 6 schools competing in the West, the school that compiles the most points in this meet will receive 12 points, the school that compiles the 2nd highest number of points will receive 10 points, etc.
 - iii. At the conclusion of the conference championship meet, all of these points are totaled per school per league in order to determine the league champion. If a tie occurs, the team with the higher placing at the championship meet will be declared the champion.
 - iv. Only athletes that have competed in at least 2 regular season meets can score points at the championship meets. Whether or not athletes **are** allowed to score points in the championship meet does not affect if they qualify for the Conference Championship Meet.

5. The Conference Championship Meet

- a. This meet is also the qualifying meet for the NCS Class A Championship Meet. The results of this meet along determine which athletes and relay teams' quality to compete in the Class A Meet. We will allow verifiable pole

vault marks from regular season meets/invitational's to enable athletes to enter the Class A Meet. Minimum standards: girls 7 feet; boys 9 feet. [10/08]

- b. Schools that do not compete in the regular league schedule may enter athletes in the League Championship Meet for NCS qualifying only. These athletes will not receive any team points, medals, ribbons or All-League consideration.
 - c. All schools are expected to provide personnel to help administer the meet.
 - d. Minimum participation rule will be in effect – see Bylaw Article 6, H, 1.
 - e. All contestants are eligible to qualify for the NCS Class “A” meet.

 - i. In using spotters and timers for races run in lanes, timers will time lanes and spotters will spot places.
 - j. Finish line timers should have stopwatches, as opposed to watches, as they are more accurate.
6. Awards:
- a. Trophy:
 - i. Perpetual trophy for League Champion
 - b. Medals:
 - i. 1st, 2nd and 3rd place medals for each event, including one for each member of a relay team. [10/08]

 2. Win-Loss record against all other teams in their order of league finish, beginning with the first place team.
 3. Games (not matches) won "head to head" against team tied [Volleyball only]
 4. If 1,2,3 above do not break the tie, then the tie-breaking draw done at the beginning of the school year will break the tie. The lower number drawn by a school breaks the tie and becomes the higher seed. The higher seeded team is determined as the home team.
 5. When three or more teams are tied, the draw will eliminate all but two teams. Repeat process a.1-4 above each time to determine a seed.
 - b. To break a tie for the last seeded position (to be done in the following order):
 1. Head to Head competition
 2. Win-Loss record against all other teams in their order of league finish, beginning with the first place team.
 3. Games (not matches) won "head to head" against team tied with [Volleyball only]
 4. If two teams are tied, a tie-breaking game will be held between the two teams. Every effort will be made to secure a neutral site. If a neutral site cannot be secured, tiebreaker drawing will be used. When three or more teams are tied, the draw will eliminate all but two teams. Repeat process b.1-4 to determine last place seed.

APPENDIX D: **SPORTSMANSHIP COMPLAINT PROCEDURE**

The purpose of the Sportsmanship Complaint Form is to formalize the lines of communication when dealing with incidents involving sportsmanship. Hopefully, any problems can be dealt with “on the spot” between coaches. The form, however, provides a means to inform all the involved parties of any breaches of conduct by players, coaches or fans. It is important that the incidents be handled within the proper “chain of command.”

1. If a coach feels that an unsportsmanlike act has taken place in a contest, he or she should communicate with his/her Athletic Director. The A.D. will determine whether to have a Sportsmanship Complaint Form filled out in order to proceed with the complaint. The completed form will then be forwarded to the Head of School for review. At that point, the Head may determine that the complaint should not be lodged with the opposing school.
2. If the Head of School decides to go forward with the complaint, a copy of the Sportsmanship Complaint Form will be sent to the Athletic Director of the opposing school and the BAC Commissioner. It is incumbent that the opposing school’s A.D. takes the form to his/her Head. The two Heads may decide to resolve the matter at their level, or have their A.D.s find a resolution. The Commissioner should receive a copy of the form with the resolution section completed.
3. If no satisfactory resolution can be achieved between the schools, the matter will be brought to the BAC Board of Governors.
